-Full credit towards 2015 membership and tournament registrations at equal value of the registration for the *Cleveland Junior Challenge*

-* Policy will be in effect if the event is cancelled entire

HJGT is the first junior golf tour to get involved with Breast Cancer Awareness. For the entire month of October, the Hurricane Junior Golf Tour's staff and interns will volunteer their hours to hand make breast cancer awareness ribbons.

The HJGT hopes to raise over \$1,000 for Susan G. Komen™. At every HJGT event in October we are encouraging players and parents to purchase our handmade pink ribbons for \$1 each. In addition to your contributions, HJGT will donate an extra dollar for every player that gets a birdie on a hole with a pink flag.

In honor of Breast Cancer Awareness month, HJGT will adjust our normal format and have the older girls tee off right after the older boys throughout the month of October. If the pace of play improves, then we will change the format permanently this transition is unique to the HJGT.
